### BRITISH LOSS IN WAR 258,000

### PESTILENCE BREAKS OUT IN VIENNA

Epidemic of Cholera Is  
Reported in Austro  
Capital

Heavy Casualty List Is  
Announced by  
Asquith

LONDON, June 9.—Premier  
Asquith announced in the House  
of Commons today that the to-  
tal of British casualties from the  
beginning of the war to  
May 31, was 258,009 men in  
killed, wounded and missing.

PARIS, June 9, 5:15 p. m.—  
The Havas Agency has received  
a dispatch from its agent at  
Madrid who says it is officially  
announced there that an epi-  
demic of cholera has broken out  
in Vienna.

### GERMAN SUBMARINE SUNK

LONDON, June 9, 3:50 p. m.—Of-  
ficial announcement was made to-  
day by the Admiralty that a Ger-  
man submarine had been sunk and  
that six of her officers and  
21 members of her crew had been  
taken prisoners.

### RAIDER DESTROYS BRITISHER

LONDON, June 9.—The British  
steamer Lady Salisbury was torpedoed  
by a German submarine this morning  
and sent to the bottom.

The Lady Salisbury, a collier, is  
said to have been torpedoed without  
warning, near the Harwich lightship.  
She sank in five minutes. Of the crew  
of 18, 15 were rescued. The chief  
officer was killed and two men are  
missing.

The Lady Salisbury was of 839  
tons, 230 feet. She was built in 1899  
and owned in Newcastle.

### Offensive Resumed by Allied Forces on Gallipoli Peninsula

PARIS, June 9.—A Havas dispatch  
from Athens, filed yesterday, says:  
"The allies have resumed the offensive  
at several points on the Gallipoli penin-  
sula since Friday, says a dispatch from  
Mityera. The attack was begun in the  
morning by a general bombardment of  
the enemy's positions with the aid of

### LAUNDRY MARK AIDS CAUSES HIS ARREST

LOS ANGELES, June 9.—Laundry  
marks on a collar found aboard  
the launch Anelli, when the boat's  
skipper, Julio Laperoldi, was ar-  
rested several days ago, charged  
with conspiracy to smuggle Chi-  
nese into this country, led to the  
arrest today of Harry James, an  
Americanized Chinese. James is  
the seventh man to be arrested by  
the United States authorities in  
connection with an abortive at-  
tempt to smuggle a number of  
"Orientals" in from Ensenada. Im-  
migration officials traced the laun-  
dry marks and found James, who  
is also a screen actor, in China-  
town.

### PERMIT FOR SECURITIES DENIED

SAN FRANCISCO, June 9.—Ac-  
cusations of financial juggling and  
charges of extensive irregular finan-  
cial practices are made by the State  
Railroad Commission against the  
Central California Gas Company in  
a decision today denying the  
corporation authority to issue stocks and  
bonds. Application had been made  
for the issuance of \$35,750 in stock  
and \$32,000 in bonds. The com-  
mission operates a system of  
gas plants at Porterville, Visalia and  
other Tulare points.

The denial is based upon practices  
which the commission declares the  
president of the company, C. S. S.  
Forney, has been engaged, and other  
circumstances which are enumerated  
as follows:

First, discrepancies in the amounts  
reported expended under the orders  
of the commission and the amounts  
actually expended.

Second, reported purchase of \$19,-  
000 of property which, upon ex-  
amination, cannot be found among  
the assets of the company.

Third, alleged profits of \$33,000  
made by Forney and associates  
through the medium of a construction  
company for work done for the gas  
company costing \$72,000.

Fourth, alleged payment of \$25,000  
to a contractor, W. H. Brown, for  
which there is no voucher or check,  
and which covers work otherwise paid  
for, there being evident only as the  
actual payment to Brown of \$1500.

Sixth, company's report of surplus  
of \$400. The commission's examina-  
tion indicates a deficit discovered of  
\$14,753.

Seventh, operating expenses of the  
company not made public.

Eighth, actual operating expendi-  
tures of the company, such as freight,  
bills, salaries, telephone bills and  
traveling expenses, carried as though  
they were assets of the company.

Ninth, representation made as to  
the company's earnings.

Relative to the \$33,000 referred to  
in the third count as made by Forney  
and associates, the commission says:

"Either Mr. Forney grossly de-  
ceived this commission in stating that  
he could operate cheaply through the  
construction company, or he must

### OAKLAND'S 1915 POPULATION 219,628

Oakland's population for 1915 is 219,628, that of Berkeley is  
64,056, while Alameda has 27,405, a total of 311,109, an increase  
of 11,237 over that of 1914.

These figures taken from the new city directory just  
issued for the twenty-eighth time by the Polk-Husted Company.

Commenting on these figures the publishers say:

"Owing to the general depression that has shadowed the  
locality in the past year, we find that from a standpoint of num-  
ber in population that Oakland, Berkeley and Alameda have held  
their own, and that each city shows an increase in population, yet  
not of such rapid growth as has been shown in recent years.

"The present volume contains by actual count, after deduct-  
ing all names of firms, churches, schools, etc., the names of  
111,808 persons, of which 79,872 are shown in Oakland, 21,352 in  
Berkeley and 10,584 in Alameda. Taking these figures as a basis  
in computing the population and estimating that each name in the  
directory represents at the rate of 2 1/2 persons, which is con-  
sidered by all directory publishers as a conservative multiple, we  
find the population as stated."

In this connection it may be stated that the names of all  
married women or girls without occupation, and that of Chinese  
and Japanese have been eliminated from this year's issue.

### GOVERNOR, PRISONER'S LAST HOPE

Georgia Prison Body  
Declines to Favor  
Change

Refrain From Making  
Recommendation to  
Executive

ATLANTA, Ga., June 9.—The  
Georgia Prison Commission to-  
day declined to recommend to  
Governor Slaton a commutation  
of the death sentence of Leo M.  
Frank, convicted of the murder  
of Mary Phagan.

The commission's decision is  
not binding on the governor,  
who, it was stated, will conduct  
further hearings before making  
his decision.

The commission decided against  
clemency by a vote of 2 to 1. Com-  
missioners Rainey and Davidson  
voted against a recommenda-  
tion for clemency and Commis-  
sioner Patterson voted in  
Frank's favor.

The majority report of the  
commission said:

"None of the grand jurors who  
found the indictment; none of the  
trial jurors who heard the evi-  
dence under oath; nor the prose-  
cuting attorneys have asked that  
the sentence be commuted. The  
judge who presided at the trial  
and who had the right to exercise

### Probe Woman's Death; Poison Traces Found

Attaches of the District Attor-  
ney's and the Coroner's offices  
are investigating the circum-  
stances surrounding the death of  
Mrs. Mary P. Brien, 31 years  
of age, the wife of John Brien,  
a rancher of the Newark district.  
The woman's death is believed to  
have been due to poisoning.

Brien heard his wife groaning  
at 2 o'clock this morning, and  
rushed into her room to find her  
in a dying condition. She died be-  
fore medical aid could be sum-  
moned. Dr. Ormsby today per-  
formed an autopsy, and found a  
poisonous substance in the stom-  
ach, which had been sent to Dr.  
Benzinger of Oakland for analy-  
sis.

The woman is believed to have  
committed suicide, according to  
attaches of the Coroner's office.  
Mrs. Brien is survived by two  
children.

Deputy Coroner Bontelbo of  
Newark today reported the death  
of Mrs. Brien to the district at-  
torney's office and was instructed  
to make a complete investigation.  
An autopsy was ordered and the  
stomach will be submitted to a  
chemist for analysis.

### Postoffice to Close at Noon Tomorrow

The United States government has tak-  
en occasion of Alameda County Day at  
the Exposition. By special permission  
of Postmaster General Burdett, un-  
der a telegram to Postmaster Joseph J.  
Rosenbrough today, the Oakland postoffice  
will be closed at noon tomorrow.

### Sink Turkish Gunboat and Seize Transport

LONDON, June 9.—The Turkish gun-  
boat Marmaris has been sunk and the  
transport Mersin has been cap-  
tured, according to an official statement  
given out this evening by the British  
government. The action took place in  
the Persian Gulf region.

### BRYAN EXPLAINS RESIGNATION

### "TO MAKE WAR IMPOSSIBLE"

"KEEP OUT OF ZONE OF DANGER"

WASHINGTON, June 9.—Just as the new American note to  
Germany was started on its way over the telegraph wires Mr.  
Bryan at his home gave out this statement of his position:

"My reason for resigning is clearly stated in my letter of resig-  
nation—namely, that I may employ as a private citizen the means  
which the president does not feel at liberty to employ. I honor  
him for doing what he believes to be right, and I am sure that he  
desires, as I do, to find a peaceful solution of the problem which  
has been created by the acting of the submarines. Two of the  
points on which we differ, each conscientious in his conviction, are:

"First—As to the suggestion of investigation by an interna-  
tional commission.

"Second—As to warning Americans against traveling on bel-  
ligerent vessels or with cargoes of ammunition.

"I believe that this nation should frankly state to Germany  
that we are willing to apply in this case the principle which we  
are bound by treaty to apply to disputes between the United  
States and thirty countries with which we have made treaties  
providing for investigation of all disputes of every character and  
nature.

### MAKE WAR IMPOSSIBLE.

"These treaties, negotiated under this administration, make  
war practically impossible between this country and the thirty  
governments representing three-fourths of the people of all the  
world. Among the nations with which we have these treaties  
are Great Britain, France and Russia.

"No matter what disputes may arise between us and these  
treaty nations, we agree that there shall be no declaration and no  
commencement of hostilities until the matters in dispute have  
been investigated by an international commission, and a year's  
time is allowed for investigation and report. This plan was of-  
fered to all the nations, without any exceptions, whatever, and  
Germany was one of the nations that accepted the principle, being  
the twelfth, I think, to accept. No treaty was actually entered  
into with Germany, but I cannot see that that should stand in the  
way when both nations endorsed the principle. I don't know  
whether Germany would accept the offer, but our country should  
in my judgment, make the offer.

"Such an offer, if accepted, would at once relieve the tension  
and silence all the jingoes who are demanding war. Germany  
has always been a friendly nation and a great many of our people  
are of German ancestry. Why should we not deal with Germany  
according to this plan to which the nation has promised its sup-  
port?

"The second point of difference is as to the course which should  
be pursued in regard to Americans traveling on belligerent ships  
with cargoes of ammunition.

"Why should an American citizen be permitted to involve his  
country in war by traveling upon a belligerent ship when he  
knows that the ship will pass through a danger zone? The ques-  
tion is not whether an American citizen has a right under inter-  
national law to travel on a belligerent ship—the question is  
whether he ought not, out of consideration for his country, if not  
for his own safety, to avoid danger when avoidance is possible.

"It is a very one-sided citizenship that compels a government  
to go to war over a citizen's rights, and yet relieves the citizen  
of all obligations to consider his nation's welfare. I do not know  
just how far the president can legally go in actually preventing  
Americans from traveling on belligerent ships, but I believe the  
government should go as far as it can, and that in case of doubt  
it should give the benefit of the doubt to the government.

"But even if the government could not legally prevent citizens  
from traveling on belligerent ships, it could, and in my judgment,  
should earnestly advise American citizens not to risk themselves  
or the peace of their country, and I have no doubt that these  
warnings would be heeded.

"President Taft advised Americans to leave Mexico when in-  
surrection broke out there, and President Wilson has repeated  
the advice. This advice, in my judgment, was eminently wise,  
and I think the same course should be followed in warning Amer-  
icans to keep off vessels subject to attack.

### "KEEP POWDER OFF PASSENGER BOATS"

"I think, too, that American passenger ships should be prohib-  
ited from carrying ammunition. The lives of passengers ought  
not to be endangered by cargoes of ammunition, that danger  
comes from possible explosions within or from possible attacks  
from without. Passengers and ammunition should not travel to-  
gether. The attempt to prevent American citizens from incurring  
these risks is entirely consistent with the effort which our gov-  
ernment is making to prevent attacks from submarines.

"The use of one remedy does not exclude the use of the other.  
The most familiar illustration is to be found in the action taken  
by municipal authorities during a riot. It is the duty of the mayor  
to suppress the mob and prevent violence, but he does not hesi-  
tate to warn citizens to keep off the streets during the riots. He  
does not question their right to use the streets, but for their own  
protection and in the interest of order, he warns them not to in-  
cur the risks involved in going upon the streets when men are  
shooting at each other.

"The president does not feel justified in taking the action above  
stated. That is, he does not feel justified, first, in suggesting  
the submission of the controversy to investigation; or second, in  
warning the people not to incur the extra hazards in traveling on

### BRYAN OBJECTION REMOVED, WILSON'S POLICY PREVAILS

Reports That Secretary Daniels Would Resign Also Are  
Emphatically Denied: Former Secretary of State Visits  
All His Colleagues as Well as the President and Bids  
Them Adieu; Touching Scene in Wilson's Office

By Associated Press.

WASHINGTON, June 9.—William Jennings Bryan for-  
mally left his office as secretary of state today and  
Robert Lansing, counselor of the State Department,  
was appointed by President Wilson as secretary of  
state ad interim.

The change in the cabinet came at a critical moment in the na-  
tion's history. It took effect with the dispatch of the note to  
Germany.

Differing not in the object sought—the prevention of war—  
but in the method of approaching the problem, Mr. Bryan  
resigned rather than sign his name to the note which states in  
unmistakable and emphatic terms the demands of the United  
States.

Mr. Bryan told his colleagues today as they gathered about  
him in farewell, that his affection for President Wilson was un-  
changed and that he knew the president felt as warmly toward  
him. Firmly believing he can advance the cause of peace outside  
of official life and build up a sentiment in the United States that  
will assist the president in maintaining friendly relations with  
all nations, Mr. Bryan today went back to private life.

Reports that Secretary Daniels had resigned, or would do so,  
were current today, but were flatly denied on all sides. The re-  
port, it was said, grew out of the well-known friendship of Mr.  
Bryan and Mr. Daniels.

As a matter of fact, nine members of the cabinet stood solidly  
for the president's position as expressed in the note. Mr. Dan-  
iels was with those who differed with the secretary of state.  
Some members even advised a stronger phraseology than the  
president had used, but on the final discussion the decision to  
send the note was unanimous.

Secretary Daniels late today said: "I think the note the presi-  
dent is going to send is the note he ought to send and the country  
will stand behind him. Nine members of the cabinet are agreed  
that the president's position is right. In declining to sign the  
note, I believe Secretary Bryan stood by his conviction."

Mr. Daniels reiterated his statement that he had not even  
thought of resigning as secretary of the navy.

There was a well defined trend of  
opinion in official quarters that the  
resignation of Mr. Bryan would go  
far in impressing Germany with the  
earnest intention of the United States  
to insist on its rights.

It is understood the United States  
has from time to time received au-  
thoritative information that high Ger-  
man officials believed the adminis-  
tration committed to a policy of un-  
interrupted peace and did not intend  
at any time or under any circum-  
stances to go to war. Many officials  
thought Mr. Bryan's resignation  
would remove all doubts in Berlin and  
that Germany, if sincerely desirous of  
peace, would be glad to arrange for a  
way out of the problem, which could  
honorably be accepted by the United  
States.

TALKS WITH PRESIDENT.  
For 15 minutes this afternoon Presi-  
dent Wilson and Mr. Bryan talked,  
exchanging words of farewell cordi-  
ally and without any trace of feel-  
ing, the two men discussed the situa-  
tion which resulted in Mr. Bryan's  
resignation. Each spoke dispassion-  
ately of the differences and of his be-  
lief that the other was doing what he  
thought best for the United States.

Those who saw them were  
touched with the regard the two  
men displayed for each other.  
Finally Mr. Bryan remarked  
that he knew the President was a  
"busy man" and that he would  
not detain him longer. The two  
men clasped hands.

"God bless you," said each.  
Secretary Bryan confided to  
friends today that he slept all  
night last night for the first time  
in months.

MESSAGE IS SENT.  
Just after 2 o'clock this afternoon  
the new American note to Germany  
which caused the cabinet crisis,  
started on its way to Berlin. Simul-  
taneously Wm. Jennings Bryan's re-  
signation as Secretary of State took  
effect and he gave out a statement  
of his attitude.

President Wilson did not see Mr.  
Bryan's statement before it was given  
out, but knew of the two cardinal  
points upon which it dwelt. Mr.  
Bryan and the president discussed  
them at their farewell talk without  
altering their respective opinions.

The texts of the letters which  
passed between President Wilson and  
Secretary Bryan over the latter's  
resignation were cabined today in full  
to all the American embassies and le-  
gations in the belligerent countries.  
So they might be in position to answer  
inquiries.

The resignation of the secretary of  
State over a difference on a vital  
question of foreign policy—its im-  
portance in the annals of American his-  
tory—was most dramatically touched  
by numerous manifestations of per-  
sonal regard for Mr. Bryan and his  
own emotion at leaving the office he  
held so dearly.

Tears stood in his eyes, while  
friends commended his courageous  
fight for principles and his determi-  
nation to eliminate himself rather  
than continue in the cabinet as a pos-  
sible embarrassment to the President.

BIDS FRIENDS FAREWELL.

In the closing hours of his ad-  
ministration Secretary Bryan bade  
farewell to his associates in the state  
department and made a tour of the  
state, war and navy buildings to call  
informally on colleagues.

At 12:30 o'clock Mr. Bryan left the

state department and went to the  
White House, where President Wil-  
son received him. He planned to turn  
over the affairs of his office to Mr.  
Lansing at 1 p. m. When Mr. Bryan  
came out of Assistant Secretary  
Rosenvelt's office he was surrounded  
by newspapermen.

"Well, gentlemen," he said,  
"you see I am not late today."

"Sometimes I have been late, par-  
ticularly yesterday. Did you ever  
see an old hen trying to gather  
her chickens beneath her wing in  
the evening?"

"Yes, I've got an old hen," said  
one.

"Doesn't she sometimes seem  
fussy and irritable?" asked the  
secretary.

"Yes, sometimes she pecks  
me," was the rejoinder.

"Well, I often have felt like  
the old hen in some respects. I  
have been trying to keep a num-  
ber of international secrets cov-  
ered up under my wing, so to  
speak. Sometimes I have  
seemed to be cross and irritable,  
it is because I have been afraid  
that some of the secrets would  
creep out. Of course, you don't  
question the old hen's good in-  
tentions and I hope that you  
won't."

The story of his fight to sway the  
President's judgment on the method  
of dealing with the situation with  
Germany, is as yet, untold. He made  
no effort to align other members of  
the cabinet with him and when he  
came to the parting of the ways, on  
an irreconcilable question of prin-  
ciple he did not tell his colleagues  
generally, hoping that his action to  
the last would not produce any com-  
plications in the cabinet.

For three days—from Saturday to  
Monday—the President had Mr. Bryan's resignation under consideration  
and the secretary did not go to yes-  
terday's cabinet meeting until the  
President's letter of acceptance  
reached him. The President had in-  
vited him to attend after letting the  
cabinet know of the situation. Quick-  
ly the consideration of the note con-  
tinued and at the end of the meet-  
ing the President and remaining mem-  
bers of the cabinet expressed to Mr.  
Bryan their sense of personal regret.  
The close personal relationship of  
Mr. Bryan and the President will be  
reflected in the former secretary's fu-  
ture course. It was learned today au-  
thoritatively that Mr. Bryan intends to  
continue a staunch personal sup-  
porter of Mr. Wilson on domestic af-  
fairs and believe he can assist in the  
sentiment he hopes to build up for  
the principle of investigation of disputes  
before hostilities are begun.

Following is the text of the  
President's designation of  
Counselor Lansing as acting Sec-  
retary:

"The White House, Washington,  
June 9, 1915.

"The Honorable William Jen-  
nings Bryan having resigned the  
office of Secretary of State, I,  
Woodrow Wilson, President of  
the United States of America, do  
hereby, in accordance with the  
provisions of sections 177 and  
178 of the revised statutes and of  
the act of Congress approved  
February 9, 1891, authorize and  
direct the honorable Robert Lan-

# NEW PUZZLES IN CABINET CRISIS

Lord Chancellor's Office Continues to Prove Stumbling Block.

By Associated Press. LONDON, June 9.—The difficulty of filling the office of Lord Chancellor of Ireland has not yet been overcome. The cabinet has not yet decided upon the person to whom the appointment of the Rt. Hon. James H. Campbell, Unionist member of the House of Commons for Dublin University, but the Nationalists strongly oppose this on account of Mr. Campbell's later sympathy. It is understood that Mr. Campbell will be invited to resign his seat and accept of a judgeship instead.

The Nationalists, at a meeting yesterday, passed a resolution on the motion of John Dillon, de-laring against the appointment of Mr. Campbell. The resolution stated that compulsory military service is needless and that an attempt to enforce it would break up the unity of the United Kingdom.

It appears that Mr. Campbell received the offer of the chancellorship from a source he considered competent to offer it and threw up his practice at the bar to accept.

## CABINET IN SESSION.

The cabinet met yesterday to consider the situation, but apparently no decision was arrived at. It is rumored that if the appointment of Mr. Campbell is withdrawn as a result of Nationalist threats, Sir Edward Carson will resign as attorney general and the cabinet members of the new coalition ministry will give up their portfolios.

The Nationalist contention is that the coalition government was formed to carry on the war and not to interfere with the government of Ireland, and they strongly object to Mr. Campbell, who has been prominent in anti-home rule agitation.

Altogether the new government is not meeting with smooth sailing. There were many evidences in the sitting of the House of Commons yesterday that a considerable section of the members are unwilling to forego their rights to criticize the ministry freely.

## CRISIS IS SERIOUS.

By Associated Press. LONDON, June 9.—The threatened cabinet crisis is, according to Liberal papers, very serious. The Chronicle says: "If Mr. Campbell is appointed Lord Chancellor of Ireland, the Nationalists will move a vote of censure on the government, which would result in the support of at least one hundred Liberal and Labor members as well as some eighty Irish members."

"Both Andrew Bonar Law and Sir Edward Carson are holding Premier Asquith to the appointment of Mr. Campbell."

According to the Daily News, the Liberals and Nationalists would only be pleased if the crisis involved the resignation of Sir Edward Carson. They contend that the coalition would be strengthened by his disappearance. On the other hand, should Andrew Bonar Law and other Unionists resign, they argue, Mr. Asquith would be almost compelled to advise the dissolution of Parliament and a general election.

## Duty on Metals Is Puzzle Before Court

By Associated Press. EL PASO, Texas, June 9.—Arguments were begun here today before the U. S. court of the federal board of appraisers in the case of the American Smelting and Refining Company versus the United States, involving the question of duty on copper and lead matter. In the last year the board of appraisers decided that copper matte containing lead was dutiable as lead. In the present case the government contends that where copper matte contains lead in quantity sufficient to be recoverable the regular duty on lead should be collected.

## Broadway Property Brings Good Price

Property at Tenth and Broadway, owned by the Aetna Realty Company, has changed hands as the result of a \$175,000 realty deal. It was announced today with the filing of the deeds. The property, one of the best known business places in the city, was sold to J. W. Forges, a Colusa county capitalist. The consideration involved \$175,000, the cash payment being \$75,000, while a mortgage for \$99,700 was taken over by the buyer. The property will be held by the new owner as an investment.

belligerent ships or on ships carrying ammunition. And he may be right in the position he has taken, but as a private citizen I am free to urge both of these propositions and to call public attention to these remedies in the hope of securing such an expression of public sentiment as will support the president in employing these remedies, if, in the future, he finds it consistent with his sense of duty to favor them."

Secretary Bryan said in giving out his statement that while it mentioned only two particulars of difference, he reserved any others for presentation in the future. Secretary Tumulty stated that no comment would be made on Mr. Bryan's statement.

The fleet. A fierce struggle all along the line followed and the fighting continues. "A squadron is protecting the landing of fresh troops near Suddul Bahr, while the rest of the fleet ceaselessly bombards the inner forts. The allies' aeroplanes continually flying over the peninsula discovered enemy positions and correcting the fire of the fleet and the batteries posted below Suddul Bahr. Prisoners state that the Turks expected reinforcements from Constantinople yesterday."

# English Successfully Raid Turkish Base With Nine Seaplanes

By Associated Press. LONDON, June 9.—A successful English air raid on the Gallipoli peninsula is reported by the Daily Telegraph's Turkish correspondent. Nine aeroplanes bombarded Akbashi, the Turkish base, in the harbor of Gallipoli, killing three soldiers and wounding a dozen others and severely damaging the storehouse and stores.

The correspondent adds that the German submarine, U-22, which recently sank the British battleships Triumph and Majestic, has arrived in Constantinople, where her crew was entertained.

# Russ Claim Destruction of German Battleships in Sea Fight With Divers in Baltic

PETROGRAD, June 9.—The Army Messenger, referring to the naval engagement June 5 in the Baltic Sea off the Gulf of Riga, says that Russian marines captured fewer than ten German warships, which were attempting a sortie into the Baltic.

The explosions on board some of these vessels led to the belief that the damage was done by the undersea boats. A German second mine layer, the U-22, was struck by a mine June 4. She did not sink, but was towed into Libau. A German steamer called the Hindenburg was blown up by striking a Russian mine.

# King Victor Masses Troops on Isonzo River; Terrible Battle Is Soon Expected

By Associated Press. LONDON, June 9.—From Caporetta to the head of the Gulf of Trieste, the forces of Italy are consolidating their positions along the river Isonzo, and in a week or perhaps earlier, the first serious battle along this front should be fought. The clashes up to the present time have been of a preliminary character, but now that the Italians no longer command the river crossings from the western bank, the Austrians have been driven to the eastern bank of the Isonzo, a conflict of first rate tactical importance in the opinion of British observers is inevitable.

In the eastern arena the Russians are fighting desperately to stem the Austro-German advance in the direction of Lemberg.

In the western theater the French continue making slow but steady gains. The news of the resignation of Secretary of State Bryan was received in late papers of London, but the first editions of the afternoon journals present the news most prominently.

# Austrian Airships Bombard Venice; One Killed, Several Hurt

By Associated Press. VENICE, June 9.—Two Austrian airships flew over Venice this morning and dropped bombs, killing one person and injuring several. The presence of the aeroplanes was signaled promptly and aeroplanes were at once become the object of a concentrated fire from anti-airship guns. One of the machines gave up the attack and disappeared in an easterly direction. It is believed that it was damaged. The other threw down about one dozen bombs aimed principally at the airship station. Campagna. None of them struck the hangar but here it was that the only fatality occurred, the victim being a corporal of engineers.

Other bombs fell in the canal, and one damaged a steamboat which plies in the Grand Canal. The windows of the hotel Monaco were broken by one missile while another crashed through a roof and fell into a bed, but did not explode.

In the meantime the fire directed against this aeroplane was increasing and it finally turned in the direction of the sea and disappeared.

# OFFICIAL WAR STATEMENTS

By Associated Press. PARIS, June 9.—The French war office this afternoon issued a statement of the progress of hostilities leading:

"There is nothing to add to the official announcement of last evening with the exception of some details concerning the situation at the forest of the Yser. Here we made an advance of 100 yards along a front of 30 yards."

At the same time we occupied two and at certain places three lines of German trenches and took about fifty prisoners."

By Associated Press. BRUSSELS, June 9.—The German war office this afternoon issued a statement of the progress of hostilities leading:

IN THE WESTERN THEATER. "Enemy forces commencing an attack yesterday afternoon on the eastern slope of the Lorette hills were driven off by our fire. An enemy attack today on the eastern slope of the same hills followed. The last group of houses in the village of Neuville was left in possession of the enemy during the night."

"The attack of Neuville was defeated by repeated attacks of the French with heavy losses to the enemy."

"In the district to the east of Hebuterne a battle again is raging after an unsuccessful attack of the French in the early morning hours."

"The enemy is repulsed with sanguinary losses. Fighting continues for a small part of the outer trenches."

"On the Dubysa the enemy's northern wing has been driven back in a southerly direction. By an encircling attack our foremost line has reached the village of Saitopol-Algirdis, facing Kovno in the high road between Mariampol and Kovno."

SOUTHEASTERN THEATER. "East of Przemyśl the situation remains unchanged. To the northeast of Zuzawa troops under General Linsingen brought the Russian counter attack to a standstill."

"The Russian counter attack is in progress for possession of the hills to the east of Kalisz and west of Jezowol."

"Staniawski is already in our possession. We took 4500 prisoners and captured thirteen machine guns."

# AUSTRIAN REPULSE ON DNIESTER IS CLAIMED

By Associated Press. BUDAPEST, June 9.—A dispatch to the Tribuna dated Monday says:

"The Russians north of Staniawski have repulsed all Austrian attacks between the Svisla and Lomnitsa rivers. The Austrians attempted to debouch on the Dniester, but the Russians inflicted cruel losses upon them. General Balin's divisions operating south-east of Kolomoia suffered enormous losses in the Dniester. The Russians have gained an important success since Sunday. General Balin was unable to effect a junction with the troops of General von Linsingen."

A Tarnow dispatch dated Tuesday says:

"The Russians are getting nearer and nearer the Vistula, driving before them the troops of General Mackensen, who probably will be obliged to fall back along the entire line. Since Sunday the enemy losses have been over 2000 killed and wounded. The Russians again have occupied positions on the right bank of the Wyszawa. The Bavarian troops suffered heavily in the fighting between Grodnoski and Komarno. The Russians have stopped the German advance on the Dniester."

# Absolute Silence Is Wish of Spanish King

PARIS, June 9.—The Spanish government called a meeting of newspaper editors yesterday and requested them to maintain absolute silence regarding military and naval measures, says a Havas dispatch from Madrid. Establishment of a censorship was offered as the alternative for failure to comply with this request.

An agent of the government has been dispatched to Madrid to refrain from discussion of the war, as it was feared controversies might arise which would interfere with the maintenance of neutrality.

# Greek King Better; May Live, Is Report

LONDON, June 9.—A Reuter dispatch from Athens says the condition of King Constantine has taken a favorable turn, and it is hoped he will be pronounced out of danger within a day or two.

# IT RUINS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and causes for steady use is just ordinary multifaceted coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One of two teaspoonfuls will clean the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff, and excessive oil. The hair dries quickly and evenly. It leaves the scalp soft, and the hair fine and shiny, bright, lustrous, fluffy and easy to manage. You can get multifaceted coconut oil at any pharmacy, and a few ounces will keep you a member of the family for months.

# AUTO MEN DECORATE BOXES CONTEST DEVICES ARE TESTED

Seventeen to Enter Great Competition Tonight at Orpheum

The Orpheum Theatre has a contest of automobile boxes, which will be held tonight. The contest is open to all who own a motor car, and the prizes are very attractive. The contest is held at the Orpheum Theatre, and the winner will be the one who can drive the fastest and most safely.

A number of novelties are planned by the Orpheum Theatre, and the nature of which they refuse to make known. Suffice to say, they assert that every one who enters the contest will be well entertained.

Numerous wagers were made this morning on the time which the winner of the contest would make. The guesses range from five to nine minutes. One of C. A. Muller's entrants was said to have changed a tire according to the rules of the contest tonight in the minutes and three seconds. If this time is accurate it comes close to being a record showing.

The equipment which is to be used by the various boys who are entered was tested out this morning. A number of the tire gauges were found to be out of adjustment with the official gauge which Starter Martland is using.

All of the contestants will line up on a twenty-five foot circle. Seventeen altogether will answer the starter's signal. Three have dropped out. At the word go each will commence the deflation of a tire. When this has been done the final gun will be fired, and the winner will be the one who has blown up the casing to the required 50 pounds. The boys have their work cut out for them. The prizes to be given are large enough to make the competition exciting.

# GIVES GERMAN VIEW OF ANSWER DUE WILSON

AMSTERDAM, June 9, via London.—George Bernhard, writing in the Vossische Zeitung, says:

"It appears as if America will shirk the obligation to discuss with us preliminary questions concerning the cessation of hostilities in the East. Whether this British ship had weapons and ammunition on board seems to President Wilson to be less important than to learn from us what we think of the prosecution of a submarine war."

"We confidently hope that our government will have nothing to do with such distortion of facts. If President Wilson wants a decisive answer from us it cannot be other than that the Lusitania was a British ship with contraband war materials right through the war zone."

"We cannot allow ourselves to be lectured even by the United States on this right which we exercise in self-protection."

# FITCHBURG WOMEN WILL LEND COLOR TO PARADE

FITCHBURG, June 9.—There will be a parade in the ranks of Fitchburg women in tomorrow's Alameda County Day parade should they chance to meet any market-bound cattle with a bovine aversion to red on the San Francisco streets. Every one of the local contingent will carry a red parasol provided by Fitchburg merchants and will be dressed in white. The members of the Lockwood Parents and Teachers Association and the Fitchburg Social and Improvement Club will be well represented in the parade and they will be led by the Lockwood School band. Merchants have donated \$25 for the purchase of parasols.

AKROPIAN BOARDS VENICE. VENICE, via Paris, June 9.—One person was killed and several were wounded by bombs dropped this morning from an Austrian aeroplane, which flew over the city. The property damage was heavy and no historic buildings suffered.

While the hostile aircraft was sighted the residents of the city flocked to St. Mark's square. Apparently they were not concerned about their personal safety, but were chiefly concerned lest damage be done to the famous Basilica, the rebuilt Campanile and the Palace of the Doge. No bombs fell in this district, however.

# VILLA READY TO ANSWER U.S. NOTE

Mexican Minister of Foreign Affairs Delivers Wilson's Ultimatum.

By Associated Press. WASHINGTON, June 9.—General Villa has received President Wilson's Mexican statement and will send a reply today or tomorrow. In a telegram dated yesterday and received today by Enrique C. Lorente, the Villa representative here, M. Diaz Lombardo, Villa's minister of foreign affairs, says:

"Today I delivered to General Villa the note of President Wilson. General Villa has never desired, nor does he now desire anything other than a peace that within the shortest time would realize the principles of the revolution by Mexicans of the establishment of a constitutional government calculated to harmonize all existing differences. Tomorrow or the day following an answer to the note will be forwarded."

Two of the British subjects wounded during the successful Villa attack on Tuxpan Sunday, died yesterday. They were A. T. Graves and the Mulford baby. Mrs. Muller's condition, consular reports said today, was serious.

## THE RICH MAN AND LITTLE LANDERS

At the Unitarian Church.

A rich man, who attended his first lecture on the Little Landers, in another part of the State, seven years ago, called the next day and said:

"Somehow you have stumbled upon the greatest truth in the world. Ever since I started, a poor boy, I have made a slave of myself to accumulate wealth in order that I might enjoy certain conditions of life. The very things which I sought to obtain through the possession of wealth, this moment of yours will bring within reach of our common humanity."

What did he mean? Well, he meant that he had desired to realize perfect individual independence, so that he might live his own life and be beholden to no one. He meant that he wanted to feel absolutely secure against want in old age. He meant that he desired to live in a beautiful place, where he might enjoy the charm of the country without sacrificing the many advantages that go with city life. He meant that he wished to live in the midst of good neighbors, with fine social and intellectual advantages.

In a word, he desired not merely to make a success of life, but to make a success of living.

Was this rich man justified when he said that it was possible to have a new life on the land which should offer to the masses of the people every essential good within reach of the comparatively few who succeed in making big fortunes?

Come and hear my illustrated lecture dealing with these questions in the light of actual experience. Much new material is being used, including some very remarkable instances showing results of intensive use of small areas in Oakland.

Come and hear about the men who are making a living with their own hands from a Little Land and teaching new Little Landers how to do it. It is the teaching of hard-headed, practical men, not of theorists and dreamers whose is merely academic.

Then hear about efficiency in buying supplies and selling products by means of organized co-operation.

You will also be interested in the refinement that goes with this form of life on its social and intellectual side, and in plans for the new "Temple of the Little Landers" among the sweet hills of Hayward about a dozen miles from Oakland.

These lectures are free, but if you paid a dollar to hear them some people think you would get your money's worth.

Remember the dates: Starr King Hall, Unitarian Church, Fourteenth and Castro, Oakland, Thursday, 2:45 p. m., and again 8:15 p. m., also same place and hours, Friday.

Wm. E. SMYTHE.

## CHILDREN HURT IN AUTO ACCIDENT

Five Occupants Have Narrow Escape as Machine Turns Turtle.

RICHMOND, June 9.—Three small children and two men were seriously injured when a Ford automobile turned turtle near San Pablo late yesterday. The occupants of the machine were: Thomas Kern, 10, badly lacerated face and bruised; Edward Miller, chauffeur, San Francisco; two fractured ribs and numerous cuts and abrasions; Gladys Armstrong, 12; Helen Armstrong, 9; and Percy Armstrong, 10.

The parents of the children are Mr. and Mrs. Percy E. Armstrong, 2930 Johnson street, this city. Armstrong is suing his wife for divorce. He did not desire to have his children drawn into the case and through his attorney, James H. Blumson of this city, yesterday asked Superior Judge A. B. McKenzie to leave the children out of the case. McKenzie refused and ordered that the children be committed to the custody of their mother.

Miller, who is chauffeur for Mrs. Armstrong, who recently moved to San Francisco following her matrimonial difficulties, agreed to come to Richmond to get the children. He was accompanied by Kern. While on the return trip the machine turned turtle. The children were not seriously injured.

## Wall Street Affected by Washington Events

NEW YORK, June 9.—Wall Street's viewpoint regarding the latest turn of events at Washington was reflected in a number of severe declines at the opening of the stock market today. Losses ran from 1 to 5 points, with specialists showing marked weakness.

For the most part, however, dealers, while active, were not of an excited character. United States Steel was the prominent stock to record large initial sales, opening with an offering of 5000 shares at 57 1/2 to 58 1/4, a maximum loss of 1 1/2, half of which was speedily recovered. Elsewhere there were rallies of half to 3 points.

Before the closing of the first hour the market showed further signs of recovering. Canadian Pacific, Southern Pacific and Bethlehem Steel were selling from 1 1/2 to 3 points over yesterday's close. Steel was only a slight fraction under. Trading halted perceptibly by 11 o'clock. Transactions to that time amounted to 200,000 shares.

Word as to the accident was received today by James Miller, 1125 Fifty-third avenue. Mrs. Frost's father, Mrs. Frost was taken to a hospital near Santa Cruz, where she is under the care of several physicians. Frost is at her side.

The Frost home in Oakland is at 2729 Twelfth avenue.

## MAN WILL DARE FATE TO FIGHT FOR LIVING

Bobbie Stiles, who is living under the auspices of the "Fighting for Living" fund, has agreed to furnish evidence and voluntarily seven days of sensational thrills, as well as something to think about.

Bobbie Stiles, a man who solves the complicated problem and proposes to make good his claim by remaining in a room in the Hotel California after a committee of business men have removed him from the room and examined him to make sure that the only thing he has is a "Fighting for Living" fund.

This young man, who is in the predicament of a man who has had his clothes stolen during the night and wakes up a stranger in the hotel. Having no money he cannot remain in the room, for the reason that he has lost his key which to pass the door. Having no clothes, he cannot appear on the street. What does he do? That is the question.

From day to day the problem will be solved. The program is to continue for one week, Sunday excepted. This evening the young man will see a different plan each day, earning the "necessary" money to his getaway. He further agrees that he will handicap himself by agreeing to neither buy, borrow nor steal. He admits in advance that he is not a freak or a curiosity for exhibition purposes.

Not is this all. In addition to earning a living in the face of this handicap, "Bobbie" who has taken to being "the most sensational steppin' in the world," will create a further sensation by a series of dare-devil jumps, jumps, acrobatic performances and other feats of his skill. A "thriller" is promised for each day. The first one occurs in a few days. Watch The Tribune for particulars.

## TO DROP POLICEMAN WHO REDUCED AGE

Patrolman Patrick S. Downey is to be dropped from the Oakland police force for falsifying in stating his age in his application for appointment to the force. Downey was examined by the civil service board last night, and will be dropped on the recommendation of that body, as his action was a direct violation of the city charter, and was perjury.

The charter provides that a man must be under 35 to be appointed to the police department. Downey gave the date of his birth as July 4, 1877. He admitted last night that he was born July 4, 1876, and was over 35 when he was appointed to the department April 29, 1912.

It is possible that the matter may be referred to District Attorney W. H. L. Hynes, as to whether charges of perjury may not be brought against Downey. Two other policemen were before the board last night, Daniel Fleming being questioned as to his age when he was appointed and Oscar J. Watson as to whether he had not made false statements as to how long he had been a resident of Oakland. These cases were continued.

## Luckenbach Co. Signs Water Rights With City

The city council today entered into an agreement with V. O. Lawrence, representing the Luckenbach steamship company, for preferential rights on the estuary quay wall in the docking of inter-oceanic vessels. The agreement is the result of the action of the council in advertising for bids for the disposal of this berthing space. Lawrence was the only bidder, as the advertising was done at his request.

The grant from the city to the Luckenbach concern marks the first step toward obtaining Atlantic shipping in the port of Oakland, and an informal agreement reached last year between the city and this concern was the direct cause of Oakland being named by the interstate commerce commission as one of the six terminal points where ship and rail are in competition in California.

## Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless: Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrup, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

**Secretary Garrison Has Plan of Reorganization**

By Associated Press. June 9.—Secretary Garrison said today that although he is in almost daily conference with Army officers over the general plan for the reorganization of the army, he does not propose to make public his recommendations on the subject until Congress convenes. Meantime careful study is being given to every proposal to increase the efficiency of the country's land forces. In response to an inquiry Mr. Garrison said that if an extraordinary session of Congress were called, the plan has progressed to such a state that it would be ready to be presented to the public for immediate presentation to that body.

SOX AND CUBS  
WILL WIN FLAGSWindy Fans in for World's  
Series Feast, Belief of  
Many Fans.(By "MR. MULDOON.")  
Here on the coast much money is  
wagered on the major league race now  
in the east.Corbett's place where the wise  
men meet, the wise men who can tell  
a hawk from a hare, and who can tell  
a man from a mule, are the ones who  
are betting on the Sox and Cubs. They  
are betting on the Sox and Cubs, and  
they are betting on the Sox and Cubs.  
The Sox are the favorites, and the  
Cubs are the underdogs. The Sox are  
the favorites, and the Cubs are the  
underdogs. The Sox are the favorites,  
and the Cubs are the underdogs.You're on, said a regular.  
The man named the two Chicago clubs  
and while Corbett thinks he had nearly  
a clinch in taking the money away from  
the man who is betting the two Chicago  
clubs to win the pennant in the National  
and American Leagues, the real baseball  
men out here believe the men offering the  
odds will win.It is very true that the Chicago White  
Sox are leading the American League race  
and that the Cubs are at the top of the  
National, and it is also admitted that  
there are other teams who believe that  
later on in the season the two Chicago  
teams will come back to them.Our hero, the general belief is that  
the Sox and Cubs go the better way, and  
that, being in the lead now, they will  
win the pennant.The two Chicago clubs now have a great  
advantage over the other teams in the  
league in the matter of their actual  
work on the field.Eddie Collins is superb as a coach and  
leader.Brennan has no superior as a coach  
and captain when the spirit moves.Brennan did not work for both  
New York and St. Louis when he was  
in the major, and he can't work for  
both teams now.One year for St. Louis he rode almost  
roughed over his position, but the  
team was not his.With the Chicago Cubs there is every  
incentive for Brennan to do his best,  
and his best is the best.The owners of the Chicago club very  
sensibly have placed all the responsibility  
of the club's success on Brennan's  
shoulders, and there being no one to  
interfere with him, there is nothing left  
for him to do but to make good, and all  
who know him well he is able to do  
that if he cares to.It is this National League team, with  
Brennan leading away, that the Cal-  
ifornia fans depend on more than anything  
else.There have been great respect for the  
Chicago White Sox, and their great captain  
and second baseman, Eddie Collins, but  
for his manager, Clarence Rowland, public  
saw much of Rowland and his players when  
they were here this spring. And what  
they saw was a man who was a real  
man, and his men were the best men  
in the league, and his men were the best  
men in the league.The owners of the Chicago club very  
sensibly have placed all the responsibility  
of the club's success on Brennan's  
shoulders, and there being no one to  
interfere with him, there is nothing left  
for him to do but to make good, and all  
who know him well he is able to do  
that if he cares to.If there were any weak spots, they did  
not develop in their early spring training  
here. The team looked well, not only  
in its line and out, but in its batteries.  
No team has ever won a world's pennant  
without assistance of the right sort  
of an infield. The two Chicago teams  
excel in this direction.By strange coincidence their first base-  
man, this season, having their best  
year and are playing phenomenal ball.At the keystone back both are strength  
personnel, and this they are invincible,  
while at short field they can hardly be  
beaten.In their outfield they appear to excel  
all others, perhaps not in batting, but in  
throwing, fielding and base running.In their pitching department the teams  
will grow in strength as the season ad-  
vances, and this means a great deal  
in the closing days of a championship.  
In the receiving line each nine is well forti-  
fied.Take them all in all, the two Chicago  
teams today, in the eyes of Californians  
at least, appear well placed, and so well  
indeed that they are even at this stage  
of the game willing to wager their money  
on the proposition that the two Chicago  
clubs will win the pennant in the Na-  
tional and American leagues, played all  
the games for the world's championship  
of that year in Chicago.There were no games played, and out  
of them the White Sox won four to the  
Cubs two.Fleider Jones led the White Sox that  
year and Frank Chance the Cubs.In that famous series Walsh and Reulbach  
carried off the pitching honors, the  
former pitching in the effective and almost  
invincible at all stages.The pitchers in the six games were:  
Haddock and Brown; Reulbach, White and  
Owen; Walsh, Pfeister and Grier; Brown  
and Altrock; Walsh, White, Pfeister and  
Overall; White, Brown and Overall.The teams made up as follows:  
White Sox—Sullivan, catcher; Donohue,  
first base; Leibel, second base; Rube, third  
base; Tannehill, shortstop; Dougherty,  
left field; Jeter, center field; Hahn, right  
field.Cubs—Kling, catcher; Chance, first  
base; Evers, second base; Steinfield,  
third base; Tinker, shortstop; Beckert,  
left field; Hoffman, center field; Schulte,  
right field.Today Walsh is the only member of the  
White Sox still playing on that team,  
while not one of the 1905 team is still  
playing with the Cubs.

GREAT BODY AND  
MENTAL FITNESSFast Growing Game Has More  
Requirements Than Public  
Imagines.The basic requisites in the makeup of  
one seriously essaying tennis development  
might be divided into two classes: First,  
body-physical fitness; second, mental  
fitness. Under the head of physical  
fitness the first necessity is that the  
successful tennis player must be strong,  
not abnormally so, but possessing the  
stamina to enable him to pursue his  
opponents' shots to every section of the  
court throughout the match. The player  
must also possess the strength to  
grilling play and also the strength to  
deliver the punch necessary to give his  
strokes speed and impart a sting to his  
shots, that they may reach their destina-  
tion in the shortest possible time and  
be of sufficient speed to make their re-  
turn difficult.Stamina is essential, too, that the brain  
may work at top efficiency throughout,  
for when one plays physically in a tennis  
match the brain must be at the physical  
shortcomings and is, as a consequence,  
unable to fulfill its regular functions as  
efficiently.There have been many players in the  
history of the game who have lacked  
body-physical fitness, and they have  
failed to reach the apex of tennis achieve-  
ment because they lacked the stamina to  
play a sustained high class game  
throughout, a hard fought and protracted  
match.Under the head of mental fitness come  
all the prerequisites of actual play. This  
starts with the fundamental knowledge  
of the game and its objects, strokes,  
work and tactics. These should be  
studied and acquired in the order given,  
and are of importance in that se-  
quence.Of course, a stroke is the first essential  
and no player can hope to climb to the  
upper rungs of the tennis ladder who  
does not cultivate a stroke. A player may  
meet with a fair amount of success by  
the pursuit of applying at one time  
many different strokes, but this is a  
mistake. It is a mistake to try to do  
everything at once. The player should  
plunge, but by following this method,  
he degenerates into a mere getter, and  
while he may be successful in doing so,  
he does not reap any proportion of the  
pleasure and satisfaction which comes  
to the player who acquires a stroke and  
cultivates good form.COMISKEY NO FRIEND

## CHARLEY SOLVES THE "BETWEEN-SEASON'S" PROBLEM

\_\_\_\_\_

### NOTED CHAUFFEUR DIES OF INJURIES

George Moreel, Driver for  
Three Royal Personages,  
Accident Victim.

SAN FRANCISCO, June 9.—George Moreel, chauffeur, of 159 Twentieth avenue, one of the five victims of a automobile accident Monday night at Farallone, near Moss Beach, died yesterday of his injuries, a fractured skull.

With the death of Moreel has been a driver with a record of having been chauffeur for three royal personages. For three years Moreel drove the automobile of the late King Leopold of Belgium, driving the king on all his tours of Europe. In addition he drove the royal cars of the former Sultan of Turkey and the Khedive of Egypt.

It was while in the Sultan's court at Constantinople that Moreel met his wife. When they were married a short time later the Khedive gave Moreel a beautiful watch and chain and his pretty wife received some valuable jewels from the Khedive's chief wife.

Just now the accident happened in a motor, in view of Moreel's expert driving ability.

Moreel was 40 years old, and had arranged to leave for France recently to join the Red Cross. Failure to obtain a passport, however, caused him to change his plans. Before moving to San Francisco he resided with his wife and three-year-old son at 2053 Lincoln avenue, Alameda. He was a brother of R. A. Moreel, humane officer of Napa county.

The condition of Mrs. Irene Marshall, another victim of the accident, who sustained a fractured skull, is said to be critical. Her husband left her yesterday to go to her bedside.

It is reported that there is some chance for Mabel Worthington of 370 Market street to recover. Her skull was slightly fractured. The other two victims, Mrs. Philip Permon, wife of the proprietor of the Hermitage, and A. E. Krippa, 32 Jackson street, who sustained serious injuries, are out of danger, physicians reported.

Dr. W. A. Brooke, Coroner of San Mateo, will hold an inquest at Parolone city.

### SALARY POOLING PLAN CRITICISED IN HOUSE

By Associated Press.  
LONDON, June 9.—The rather novel project of pooling their salaries, recently agreed to by members of the new coalition ministry, by which each secretary will draw yearly about \$2,500 instead of some receiving \$35,000 and others \$10,000 or less, was sharply criticised in the House of Commons during consideration of the salary of the minister of munitions.

Daniel, Unionist, took the stand that if the secretaries thus distributed their pay, they were altering the amounts fixed by parliament without its consent.

Sir Arthur B. Marham, Liberal, took a similar view, saying it was a question of the "division of spoils" to which he strongly objected.

Home Secretary Simon defended the arrangement, saying it was in every respect a domestic agreement among the men concerned and he thought it was inadvisable to inquire into the matter.

Premier Asquith announced that he listened to such a discussion with surprise and pain. The only question before the House was whether the new minister of munitions was to receive a salary of £5,000. If the House of Commons was to pry into how this money should be spent it would mean the end of decency in public life. The premier for one denied the right of the House to discuss the matter.

The speaker ruled that the doctor could be discussed but he questioned the good taste of such a procedure.

"For God's sake, let us quit this and be Britons," exclaimed F. G. Kellaway, Liberal, whereupon the House agreed to the report on the salary resolutions.

The House passed the munitions bill on third reading.

### BOOSTERS OUT TO WIN: OLD STARS ENLISTED

When the Alameda County Boosters meet the old-time baseball team at the dedication picnic on the old Newark grounds next Sunday they will have in their lineup some of the best amateur players in the bay cities.

The "Boosters" are going out to win and they will be accompanied by a large delegation of bay city folk well supplied with lunch baskets and prepared for a pleasant holiday.

Amateur races and other sports will be the features of the day in addition to the baseball game in the afternoon. The picnic grounds are a portion of the old James O. Fair ranch which was recently subdivided. Citizens of Newark purchased eight picturesque acres and have included the portion in a beautiful pleasure park.

Among the players with the Boosters team will be Lou Kennedy, champion batter in the tour of local talent of the Hawaiian Islands in 1914. "Fat" Dunn of Emeryville at short and Joseph Dufort of St. Mary's College on second base. Kennedy will hold the bag at first base.

A special train will leave First and Broadway at 9:45 Sunday morning, for Newark.

### GOMPERS TALKS OF WALSH ACTION

Labor Leader Reviews Work  
of Industrial Investigation  
Body.

By Associated Press.  
NEW YORK, June 9.—A defense of Frank P. Walsh, chairman of the Federal Industrial Relations Commission, marked the address of Samuel Gompers, president of the American Federation of Labor, delivered here before the biennial convention of the National Women's Trade Union League of America.

Gompers' reference to Mr. Walsh followed his expressed approval of the adoption of the Clayton bill and the seamen's bill. These measures, he said, "would undoubtedly be attacked by interests supported and backed by foundations of unlimited wealth."

"In nearly all the newspapers we see bitter attacks on Frank P. Walsh," continued Gompers. "These attacks and criticisms have their origin in the foundation that have as their object the millions of the Rockefeller's which money is used to poison the minds of the people."

"It has been my great pleasure to express to Mr. Walsh my deep appreciation of his splendid work. I refer to this matter for the reason that it is an example of the terrific power that wealth has over our working people."

Gompers, referring to the work of the organization that he was addressing said, the American Federation of Labor recognized the right of women to equal consideration in all affairs having to do with the betterment of mankind.

### BAND WILL PLAY AT ST MARY'S COLLEGE

Company N, 1st Regiment, League of the Cross Cadets, are arranging to present the famous 1st Regiment Band, in a symphony concert, at St. Mary's College gymnasium, this evening.

This band which is one of the premier musical organizations of the country, is one of the prize bands of the Panama-Pacific International Exposition. Lieutenant Ernest G. Williams, who has been conducting the band for the past fifteen years will wield the baton on Wednesday evening next.

### CRAMP SHIP BUILDING CO. TO LEASE PLANT

By Associated Press.  
PHILADELPHIA, June 9.—Officials of the Cramp Ship Building Company would not discuss a published report that negotiations are under way for the leasing of the concern's plant to the Bethlehem Steel Company. From another source it is learned that it is possible a portion of the company's idle facilities may be leased for the manufacture of war munitions.

The action of the stock of the Cramp Company would appear to indicate that something unusual is pending. Today the stock sold at 34 1/2 on heavy transactions against a low price of 42 1/2 Monday. A month ago the stock sold at 27.

### FREIGHT STEAMERS ARE DAMAGED IN COLLISION

By Associated Press.  
DETROIT, June 9.—The freight steamer Chicago of the Western Transportation Company, Buffalo, is lying here with a large hole torn in her bow and her stern badly twisted, while the 400-foot steam freighter James B. Eads of the Pittsburgh Steamship Company, Cleveland, is anchored in Lake St. Clair, with a damaged stern, the result of a collision between the two vessels during the thick weather on the lake Monday night.

### NEW PROGRAM FOR NAVY IS PLANNED

San Francisco Trip Called Off;  
New Itinerary Is Outlined.

By Associated Press.  
WASHINGTON, June 9.—A summer program for the Atlantic fleet to take the place of the recently abandoned cruise to San Francisco through the Panama canal, has been announced by Secretary Daniels after a conference with Admiral Fletcher, commander-in-chief of the fleet, and Rear Admiral Benson, chief of operations.

The fleet will assemble in Narragansett bay June 25 and remain there until July 15, when the ships will disperse for divisional exercises until July 31. Basis for the exercises have been designated as follows:

First division, Newport; second division, Provincetown, Mass.; third division, Rockport, Mass.; fourth division, Boston.

Returning to Narragansett bay on July 20 the vessels will remain there until August 15, when they will go to Block Island Sound for fleet maneuvers, to continue until August 21. Two squadrons will exercise in tactics of battle approach, torpedo and mine work.

On September 1 the fleet will assemble in Hampton Roads, target practice in Tangier Sound occupying the next fortnight. Leaving Hampton Roads on September 20 the ships of every description will go to sea for a war game, which will continue for ten days.

No formal announcement had been made hitherto of the abandonment of the cruise to San Francisco. In giving out the summer program today Secretary Daniels merely said: "The program previously announced, including the cruise to the Pacific, will, therefore, not be carried out this summer."

The battleships Wisconsin, Missouri and Ohio, comprising the Naval Academy practice squadron, will leave Annapolis for San Francisco by way of the Panama Canal as soon as the court of inquiry into irregularities in examinations has concluded its sittings.

Townsend announced he would appeal to the state Supreme Court from Judge Fred V. Taft's decision, which sustained Sepulveda's demurrer.
